## Description

Sanitation containers are, in a way, a separate category of the KOMA system. The finest ones - the design VIP Superior Toilets were produced for TOI TOI & DIXI of the ADCO Group.

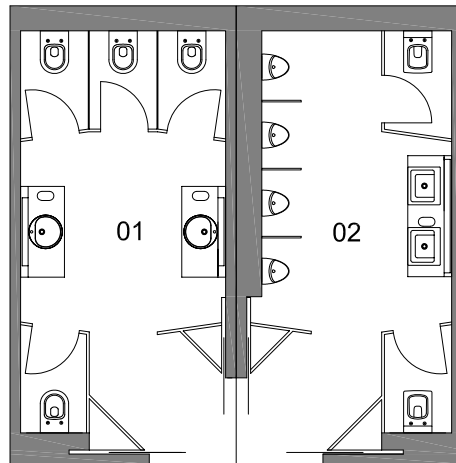

Their look, especially of the cassette facade and glazed automatic door, sparks interest at first glance. The special experience is augmented by the luxurious interior and interesting special lighting. The sanitation containers are equipped with the highest quality furnishings, audio and video equipment with plasma television. There is also a diode signal for cubicle occupancy rates.
